10 STEPS TO SITE LAUNCH

(Use in collaboration with the Farm on the Web Video Workshop)

[CLICK FOR VIDEO WORKSHOP!](#)

1. Start at [Bluehost.com account](#).
2. Purchase a domain name and use the “.com” extension whenever possible.
3. Create a password for your [Bluehost.com](#) account. Keep it handy for future logins!
4. Create a password for your Wordpress account by going to Bluehost account > My sites > Manage username> Click the three dots on the right to reset password. Your username will be visible in this area as well. Keep username/password handy for future logins!
5. Log in to your Wordpress dashboard by going to (your domain).com/wp-admin. Use the username and password to log in.
6. From your Wordpress dashboard, create 3 pages:
-Contact us -About us -Newsletter
7. On the left side of your Wordpress dashboard, click “Appearance”, then “Themes”. From here install and activate the “Twenty-Seventeen” Wordpress theme.
8. Customize your site.
9. Publish your first post. For your first post I recommend reusing the content from your “About Page”.
10. Launch your site!
